Profile

Front-End Developer with a strong command of **NextJS**, **React**, **TypeScript**, and **Tailwind CSS**. Driven by a passion for clean, accessible, and high-performance user interfaces. Skilled in turning complex product ideas into responsive, pixel-perfect web experiences. Collaborates closely with designers and product teams to deliver features users love—fast.

Skills

| | | | |
|------------|-----------|--------------|-------------|
| React | ● ● ● ● ● | Nextjs | ● ● ● ● ● ● |
| Typescript | ● ● ● ● ● | Tailwind CSS | ● ● ● ● ● ● |
| HTML | ● ● ● ● ● | CSS | ● ● ● ● ● ● |
| Javascript | ● ● ● ● ● | Node.js | ● ● ● ● ● ● |

Professional Experience

04/2025 – Present
Lagos, Nigeria

Front-End Engineer

Lagetrnix

- Pioneered high-performance web interfaces with **Next.js**, resulting in recognition from senior leadership and promotion to lead front-end engineer within 12 months.
- Developed 15+ modular, reusable components in **TypeScript** using **React hooks** and **Context API**, reducing code duplication by 40% and speeding up feature delivery by 25%.
- Engineered seamless connections to 25+ **third-party APIs** via **Next.js** API routes, accelerating data sync by 60% and powering real-time updates across 3 key features like activity logs and notifications.
- Improved page load speed by 30% through code-splitting, lazy loading, and static optimization techniques in Next.js.
- Collaborated closely with design and backend teams to align on UI architecture and data flow, reducing iteration cycles by 20%.

04/2024 – Present
Abuja, Nigeria

Front-End Engineer

Pro-Ice Limited

- Built 11+ interactive web apps with **React.js**, leveraging **Context API** and memoization to reduce re-renders by 35% and improve page load speed by 20%.
- Refactored legacy UI codebases to modern **React** components, improving code maintainability and reducing bugs by 35%.
- Implemented client-side routing in 9+ multi-page applications using **React Router**, enabling seamless navigation and improving user session flow by 30%.
- Created 20+ responsive UI layouts using **Emotion** and **Styled Components**, maintaining 100% cross-browser compatibility (Chrome, Safari, Firefox) and reducing mobile bounce rate by 18%.
- Connected 10+ **RESTful APIs** in tandem with backend teams, using custom hooks and **useEffect** to streamline async flows and boost data reliability by 40%.

12/2024 – 03/2025
Lagos, Nigeria

Front-End Engineer

Lexjon Technologies

- Built 10+ responsive UIs in **React.js** with reusable components, cutting dev time for similar features by 25% and improving code maintainability across the app.
- Managed global and local state across 5+ major features using **React hooks** and **Context API**, reducing state-related bugs by 40%.
- Delivered real-time, dynamic content across user-facing views by consuming 8+ **RESTful APIs** in coordination with backend engineers.
- Achieved 100% **cross-browser compatibility** and reduced front-end issues by 30% through automated testing and manual QA in Chrome, Firefox, Safari, and Edge.
- Contributed to weekly **code reviews** and iterated on UI designs based on stakeholder feedback, resulting in a 15% boost in user satisfaction scores.

Education

01/2022 – 06/2024
Online

Frontend Development Certificate

Coursera
